

# JOINTWORKS STUDIO

Made with Care for you

HANDWEAVING & WOODWORK STUDIO.

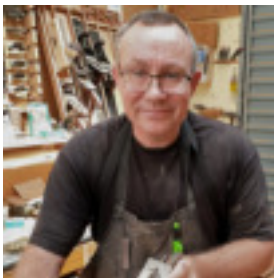

UNIQUE HANDMADE PIECES.

LOCATED ON TASMAN'S GREAT TASTE TRAIL

JointWorks Studio was set up in 2010 by Tony and Jane Clark. The goal was to make handmade items that bring joy to people's lives.

The 1913 building that was the general store for the area, is Jane's weaving space and is a display for the woodworking, wood turning and weaving. The building was renovated in 2016 and now is light and airy and complements the work.

There are two working looms usually with only one in use at a time. Jane produces various handwoven items including scarves, wraps and tea towels. There is also a small table loom set up with instructions if people wish to have a go.

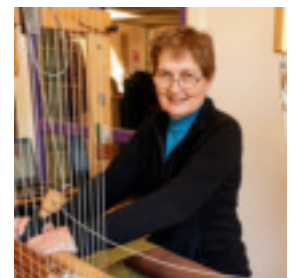

## TONY - WOODWORKER

After 25 years as a Telecommunications Support Engineer, Tony decided it was time for a career change. After attending the Centre for Fine Woodworking in Nelson in 2009, woodworking was the career of choice.

## JANE - WEAVER

I learnt to weave at an early age from my mother, learning the fundamentals of technique and design. Working fulltime as a Medical Laboratory Technologist I spent my spare time weaving and selling my work at my mother's weaving studio at the Art Centre in Christchurch.

Opening Hours  
January - February
